

HOW DOES IT WORK?

We believe in slow food. We cook slowly, but serve quickly. We prepare high-quality food from fresh ingredients without you having to spend time ordering, waiting for service or paying. All that thanks to our self-service concept and the pre-paid Vision Card. Do you have your **VISION CARD**?

ANOTHER CARD?

Visionary building employees are able to pay with their **ENTRY CARD** now.

Stop by our reception to learn more.

EAT WITHOUT THE CARD: you can eat even without a Vision card. And you can pay with cash, meal ticket or credit card. Just select at the cashier's, pay and then show your receipt.

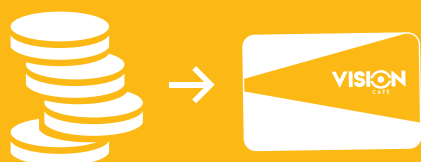

VISION CARD

Use your Vision Card to pay conveniently for anything from our offer.

HOW CAN I GET MY VISION CARD?

Ask for it at our reception, and we will gladly explain how to charge your Vision Card.

You may charge your card to any amount at the cashiers using cash, credit card or meal voucher (paper or account).

Order directly at the counter or bar and place your card against the reader.

Save time. You may keep your Vision Card and use it when visiting next. You can also return the card and we will refund your balance and the deposit.
